

# Avalon Road **RCA Study**

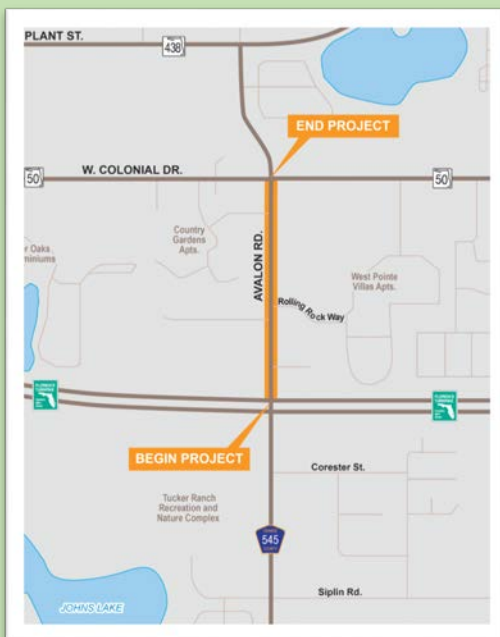

FLORIDA'S TURNPIKE TO SR 50

## STUDY NEWSLETTER

Issue No. 2 – September 2018

On behalf of Mayor Teresa Jacobs and District 1 Commissioner Betsy VanderLey, Orange County is pleased to update you about the Avalon Road RCA Study.

Orange County Mayor  
*Honorable Teresa Jacobs*

Orange County District 1  
*Commissioner Betsy VanderLey*

## COMMUNITY MEETING NO.2

Wednesday, September 12, 2018

6 to 8 p.m.

City of Winter Garden City Hall

300 W. Plant St.

Winter Garden, FL 34787

The Orange County Transportation Planning Division has initiated a Roadway Conceptual Analysis (RCA) Study for the planned improvement (four-lane widening) of Avalon Road from Florida's Turnpike to W. Colonial Drive (SR 50), a distance of approximately 0.43 miles.

The purpose of this study is to assess roadway improvements to meet existing and future travel demand at the north end of the Avalon Road corridor. The study considers social and environmental impacts, as well as other design features such as drainage and a multi-purpose path for pedestrians and bicycles. The County invites you to attend a second community meeting to review the preferred alternative that is under consideration and to provide input.

The meeting will take place on **Wednesday, September 12, 2018**, at the City of Winter Garden City Hall, located at 300 W. Plant St., Winter Garden, from **6 to 8 p.m.** The meeting will begin with an open house at 6 p.m. There will be a formal presentation at 6:30 p.m. followed by a question-and-answer forum. Maps and displays depicting project information will be available for public review and comment. Project representatives will also be present to discuss the study and answer any questions.

## WAYS TO STAY INFORMED

A key component of this study is feedback from the public. As part of this study, the County will host two community meetings to exchange information and obtain feedback from stakeholders and the general public.

### Community Meeting No. 1 – March 28, 2018

Existing conditions and a range of alternatives were presented at the first community meeting on March 28, 2018.

### Community Meeting No. 2 – September 12, 2018

Future conditions and the preferred alternative will be presented at the second community meeting on September 12, 2018.

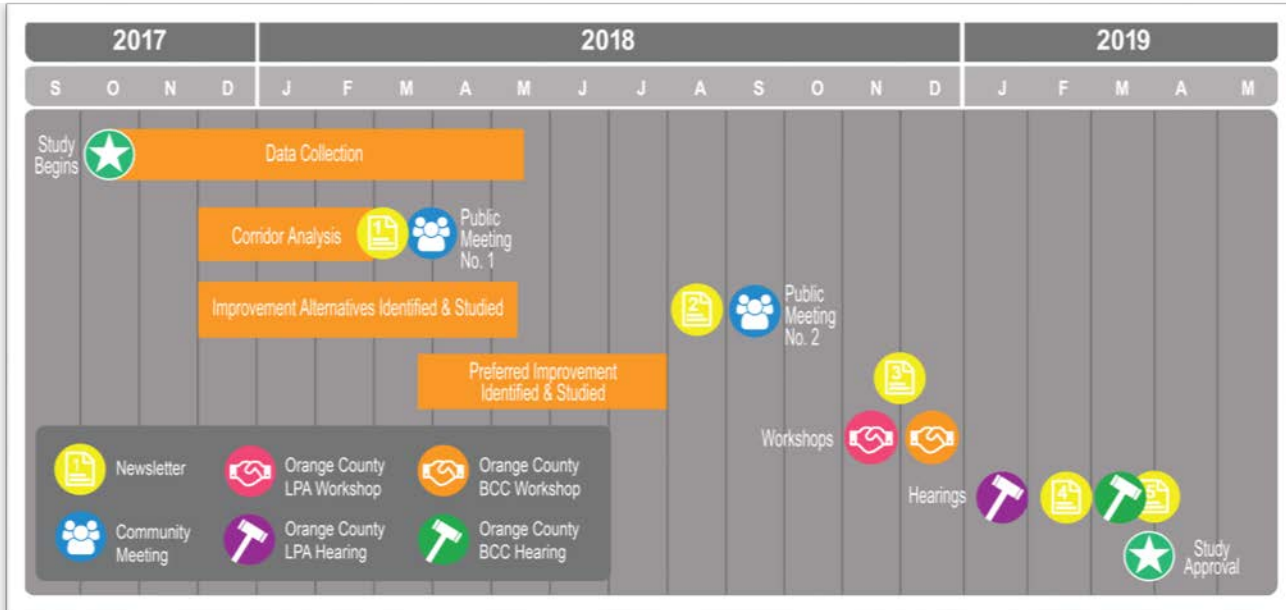

Meeting information and project details will be posted on the project website.
